---

## Writing Task:

Write a compare and contrast essay to discuss the advantages and disadvantages of living and studying in a big city and in a small town.

## Sample Ideas for Support:

### Advantages of Living and Studying in a Big City

1. **Connections:** A big city offers the opportunity to have more connections with people from both personal and professional backgrounds and networks.
2. **Resources:** Big cities often have more resources in terms of training and development opportunities due to the large number of different organizations and universities.
3. **Entrepreneurial Opportunities:** Big cities offer a greater variety of entrepreneurial opportunities than small towns and can be ideal launching points for new businesses.

### Advantages of Living and Studying in a Small Town

1. **Community:** Small towns often have a strong sense of community, making it less likely that you will feel isolated and overwhelmed.
2. **Cost of Living:** Small towns often have a lower cost of living, making it easier to stretch your budget as a student.
3. **Safety:** Due to the close-knit nature of small towns, often people know each other and the crime rate is lower than in big cities.

### Disadvantages of Living and Studying in a Big City

1. **Traffic:** Many big cities have heavy traffic, which can be a major time commitment for students needing to get to class or work.
2. **Pollution:** In some cases, pollution can be an issue in big cities, leading to poor air quality.
3. **Cost of Living:** The cost of living in big cities can be much higher due to the increased demand for housing, food and entertainment.

### Disadvantages of Living and Studying in a Small Town

1. Limited Access to Resources: Small towns often don't have the same resources that large cities may, making it harder to find quality training and development opportunities.
2. Lack of Diversity: Small towns may not have a highly diverse population, which can lead to an isolated or isolated feeling.
3. Limited Job Opportunities: Small towns often don't offer the same job opportunities as large cities, which can make finding a job after graduation a challenge.
