

Create a lesson plan for Theosophy from the book "Ageless Wisdom" by Vicente Hao Chin with assessments and activities

Objective:

Students will learn the basics of Theosophy as described in the book "Ageless Wisdom" by Vicente Hao Chin.

Materials:

"Ageless Wisdom" by Vicente Hao Chin

Activities:

1. Students will watch an introductory video on Theosophy
2. Students will read and discuss excerpts from "Ageless Wisdom" focusing on the ideas of divinity
3. Students will break into groups and answer questions about Theosophy, then share the answers with the class
4. Students will write a brief essay about how Theosophy affects their worldview

Assessment:

1. Students will be assessed on their ability to understand and interpret the ideas discussed in the book
2. Students will be assessed on their oral participation during the discussion
3. Students will be assessed on their written essay about how Theosophy affects their worldview.
