## **Make a reading comprehension task about a text of 200 words which has money and wealth as subject. The level of the students is B1.**

---

Read the text below and answer the questions that follow.

Technology has changed the world in many ways and one of the most important changes is related to money and wealth. Now, more and more people have access to a variety of financial tools, giving them more control over their finances and promoting financial independence. For example, with mobile banking, you can access your bank accounts and make financial transactions without going to a traditional bank. Online investing platforms and services let you manage and grow your money online. And, of course, digital payment processing and wallets like PayPal, Venmo, and CashApp let you make quick, safe payments.

1. What happens with mobile banking?
