

Primary 5 script assembly on Japan including fun facts

Hello everyone,

Today we are going to present on the amazing country of Japan!

Japan is an East Asian island country located in the Pacific Ocean. Its capital city is Tokyo, which is located in the eastern part of the mainland.

The total area of Japan is about 377,944 square kilometers, making it the 7th largest in the world. It is home to over 126 million people, making it the 11th most populous nation on Earth.

Japan is known for many things, including its incredible and unique culture, its advanced technology, its delicious food, and its rich and deep history.

Japan is the birthplace of some of the most famous martial arts, including judo and karate. Karate originates from the Ryukyu Island, which was once part of the Japanese Empire. Judo was invented by Jigoro Kano in the 19th century.

Japanese people enjoy a variety of traditional and modern foods. Popular dishes include Sushi, Tempura, and Ramen.

Japan is also well known for its technological innovations. Companies such as Sony, Panasonic and Nintendo have made their mark on the world through their groundbreaking products.

Fun Fact #1: Japanese is the 9th most spoken language in the world and is spoken by over 130 million people!

Fun Fact #2: In Japan, over 3,000 islands cover an area of 377,944 km²: Japan is an archipelago, or an island nation, consisting of many islands.

Fun Fact #3: Japan is the most seismically active country in the world, with more than 1500 earthquakes occurring each year.

We hope you have enjoyed learning about Japan! Thank you for your time!
