## **story starter all about my Christmas holidays include Santa for Primary 4 children. Include paragraphs, various openers, connectives adjectives and wow words**

---

It was the night before Christmas and I was so excited to see what Santa has in store for me! I made a list of all the presents I wished for and carefully hung my stocking by the fireplace.

My family and I enjoyed a delightful Christmas dinner, complete with yummy roast potatoes, parsnips, carrots, a perfectly cooked turkey and of course, a delicious Christmas pudding for dessert.

The anticipation was growing and it wasn't long before it was time for me and my siblings to go to bed. But how could I sleep? After all, tomorrow was the big day!

Eventually, I drifted off to sleep, full of hope and wonder.

The sound of laughter woke me the following morning and sure enough, the magical presents from Santa were all around me!

There were squeaky toys, glossy books, jumbles of art supplies and even a mini trampoline!

I ripped open my presents, discovering secret treats within each parcel, such as cuddly teddies and vibrant cuddly toys. I was also given a brand- new shiny scooter!

As I played outside with it, I felt an extraordinary surge of joy and excitement.

The air was crisp and vibrant, and I felt close to the stars.

Without a doubt, it had been an unforgettable Christmas!

When I think back to that special day, I know I will always remember the feeling of the sparkling snowflakes glistening on my skin and the delicious smell of festive food lingering in the air.

My Christmas was full of jubilation, beautiful surprises and Santa's wonderful gifts.
