

□

Write an interesting story opening that introduces the main characters and setting. This should be appropriate for a Primary 6 class. The story should have a theme of friendship.

It was a hot, sunny day, and Kevin and Juan had the same idea. Both of them wanted to have some fun in the park and make some new friends. The two boys were in Primary 6 and had instantly become close, despite the fact that they come from different backgrounds - Juan was from Mexico and Kevin was from America. Together, the two of them set off to the park, eager to make some new friends. Little did they know, this would be the start of a beautiful friendship.
